MamaMargaret's is a project run by the Salesian Sisters in Dagoretti, Kenya.

It is a well established centre providing hope for young ladies living in the Dagoretti Market town, a slum on the outskirts of Nairobi. It is a place where these ladies can find help support and training so that they can create a future for their family.

All orders and sales from this catalogue will go directly to the project to provide a monthly income for the Mama's working there.
