Padiham on Parade

This weekend (25th – 26th June) the fifth Padiham on Parade is being held. It will include a host of attractions, from military vehicles and 1940's re-enactors to live music, stalls and a Spitfire display.

Children from the Padiham schools are invited to dress in **war time clothes** (perhaps as evacuees) and join the procession on Sunday.

If your child would like to join in, please could they meet at the Cenotaph from 9.30am to form the procession. There will be a short service and wreath laid prior to the procession which will start at 10.15am. They will then parade down to the Town Hall where they will lead the singing of 'The National Anthem' as part of the outdoor service. Please can parents accompany Early Years or Key Stage One pupils; Key Stage Two pupils can join the procession and be collected from outside the Town Hall at 10.45am.

Thank you to all the parents and carers who came to support the children on Tuesday during Sports Day. The sun came out for us and everyone had a wonderful time. A huge well done to our Sports Day winners, team Kenya! All Sports Day and T-shirt afternoon photos are available to view on the school website under 'Key Information' and then 'Sports at St Johns' or by using the following link [Sports Day 2022 | St John the Baptist RC Primary School (st-john.lancs.sch.uk)]

ST JOHN'S TALENT SHOW

This afternoon the wonderful St John's Talent show returned in style. Once again the finalists amazed the children, staff, parents and teachers with their wonderful talents. The afternoon flowed with confidence and variety as the children performed. Our school councillors were tasked with the very difficult job of judging the show and they performed their duties with care and diligence.

Our Key Stage 1 Winners are:

Nola Mannion, Lyla McBreen, Lyla Mulrooney and Eden Cameron.

Our Key Stage 2 Winner is

Logan Brown

Congratulations to all those children whole entered and especially to our finalist for a fantastic afternoon of entertainment.

Stay safe in the sun

We all love a sunny day, but it's important to protect yourself and those in your care. Here are some top tips:

Look out for those who may struggle to keep themselves cool and hydrated. Older people, those with underlying conditions and those who live alone are particularly at risk.

If you live alone, ask a relative or friend to phone to check that you are not having difficulties during periods of extreme heat.

Stay cool indoors, close curtains on rooms that face the sun to keep indoor spaces cooler and remember it may be cooler outdoors than indoors.

Drink plenty of fluids and avoid excess alcohol.

Try to keep out of the sun between 11am to 3pm, when the UV rays are strongest.

Never leave anyone in a closed, parked vehicle, especially infants, young children, or animals.

Walk in the shade, apply sunscreen, and wear a wide-brimmed hat, if you must go out in the heat.

Avoid physical exertion during the hottest parts of the day.

During warm weather going for a swim can provide much welcomed relief, take care, and follow local safety advice if you are going into open water to cool down.

Check the latest weather forecast and temperature warnings – you can find these on TV, radio, mobile app or website.

Who's most at risk?

- Older people, especially those over 75 and those who live on their own or in a care home.
- People who have a serious long-term illness-including heart or lung conditions, diabetes, kidney disease, Parkinson's disease, Alzheimer's disease, and some long-term mental health conditions.
- Those who may find it hard to keep cool, including babies and the very young, people who are bed bound, and those with drug or alcohol addictions.
- Those who spend a lot of time outside or in hot places, those who live in a top floor flat and people who are homeless.

Children and Infants

Keep babies under the age of six months out of direct sunlight, especially around midday.

Cover exposed parts of your child's skin with sunscreen, even on cloudy or overcast days. Use one that has a sun protection factor (SPF) of 15 or above and is effective against UVA and UVB. Don't forget to apply it to their shoulders, nose, ears, cheeks, and the tops of their feet. Reapply often throughout the day.

Pets

Walk your pet first thing in the morning and then in the evening when it is cooler, try to avoid taking your dog out in the midday sun.

Cats often choose to lay in cool spots, leave them be and do not disturb them.

Ensure your pets have access to plenty of clean fresh drinking water.
