Recycle your Batteries

Some batteries used can contain dangerous chemicals including: lead, cadmium, zinc, lithium and even mercury.

If they are put into landfill sites these chemicals may leak into the ground, causing soil and water pollution. When chemicals contaminate soil and water animals, human beings and the environment can be harmed. Recycling is a fantastic way to help protect the environment.

Please bring your unwanted batteries to reception and we will ensure they are recycled correctly. Thank you!

Please encourage and remind children about the importance of washing hands after using the bathroom. There is a nasty stomach bug making its way round so we need to take steps to stop germs spreading. Thank you.

This Sunday we celebrate Advent Sunday.

Advent Sunday, also known as **First Sunday** in **Advent**, is the **first** day of the **Advent** season in which Christians prepare for the celebration that commemorates the birth of Jesus Christ, Christmas.

Parking

Please can we remind people to show consideration when parking. We have recently had instances of local residents having their drives blocked and this is becoming a problem. Please be mindful when parking near school and the surrounding streets.

Congratulations to all the children on the sacramental programme. Please keep them in your prayers and thoughts as they take their sacramental journey.

Tuesday 10th December

Bring a Christmas Cracker

Wear a Christmas jumper

Out Door PE Kits

In the colder months an outdoor PE kit is required for all children, their PE kit is not a fashion accessory but a mandatory part of school uniform intended to be practical and to keep them warm. This should be Black or Navy and not brightly coloured they should also not have any logo's, additionally trainers can be worn for out door PE.
