Dear Parent/carer

On Monday we were delighted to welcome back the Bethany Choir who sang and danced so beautifully for us. They shared their personal life stories with us which are worlds apart from our own children's experiences and were so very moving and humbling. The children openly talked about how they became orphans and how very blessed and grateful they are to live in an orphanage. Our children were mesmerised and deeply moved by these talented children. If you would like to find out more about the Bethany family their website is very informative www,bethanyonline.org The children are coming home with book marks about the project. They also left a few calendars for us to sell and small packs of Christmas Cards. These are £2 each and available from the office.

Recycle your Batteries

Some batteries used can contain dangerous chemicals including: lead, cadmium, zinc, lithium and even mercury.

If they are put into landfill sites these chemicals may leak into the ground, causing soil and water pollution. When chemicals contaminate soil and water animals, human beings and the environment can be harmed. Recycling is a fantastic way to help protect the environment.

Please bring your unwanted batteries to reception and we will ensure they are recycled correctly. Thank you!
